What is Driveway Delineation?

Driveway Delineation Lines are installed by Council for residential, commercial and industrial properties to assist vehicular access to the property driveway. This can be particularly useful in areas with limited road width and high on-street parking demand.

About this Application Form:

1. To apply for driveway delineation, complete all relevant parts of this form and return it to the Customer Service Centre.
2. Driveway delineation lines are not a recognised traffic facility and therefore they cannot be enforced under the Australian Road Rules if they are encroached. However, it is illegal for a vehicle to be partially or completely obstructing a driveway and consequently such vehicles can be infringed by the Police or Council's Compliance Officers.
3. Properties where vehicular access is on a State or Regional Road are not eligible to apply. Please refer to Part 4 (conditions) for a list of State and Regional Roads in the Northern Beaches LGA.
4. Please allow at least four (4) weeks for completion.
5. The application will not be considered for assessment until the required fees have been paid.

Part 1: Fees

If yes how many spaces are available (approximate)?		

Part 5: Conditions

1. Driveway delineation lines are offered to properties where vehicular access is situated at a Council road (not including Regional Roads). Properties where vehicular access is on a private road, regional road or on a classified main road (State Road) are not eligible to apply. A list of State Roads and Regional Roads is provided below.
2. Driveway delineation lines will be the same used to delineate on-street parallel car parking spaces marked in accordance to Australian Standards.
   The lines will be L-shaped and extend a maximum of 2.1 metres from the face of kerb into the carriageway.
3. Driveway delineation lines will generally be positioned at the point where the driveway wing meets the kerb. The lines may be installed up to a maximum of 1 metre on either side of the gutter crossing but only for driveways that are under 4 metres in width. The location of the lines will be at the discretion of the assessing officer.
4. Driveway lines will not be relocated once installed except under special circumstances.
5. Driveway delineation lines are not a recognised traffic facility and therefore cannot be enforced under the Australian Road Rules if they are encroached. However it is illegal for a vehicle to be partially or completely obstructing a driveway and consequently such vehicles can be infringed by the Police or Council's Compliance Officers.
6. Each application for driveway delineation lines is subject to approval from Council.
7. Council will not be responsible for the maintenance of driveway delineation lines. Should these lines be required to be remarked, another application including the relevant fees must be submitted to Council.
