12.2 DEVELOPMENT DELIVERY PLAN FOR METROPOLITAN LOCAL ABORIGINAL LAND COUNCIL

070/22 RESOLVED

Cr Menano-Pires / Cr Regan

That:

1. Council finalise and forward the submission attached as Attachment 1 to the report for this item to the Department of Planning and Environment for its consideration.
2. That concerns are raised in relation to the following issues:
 - A. The draft Development Delivery Plan does not adequately address the statutory requirements of the State Environmental Planning Policy (Planning Systems) 2021 (formerly State Environmental Planning Policy (Aboriginal Lands) 2019), in particular, having appropriate regard to the Greater Sydney Regional Plan.
 - B. The draft Development Delivery Plan inaccurately and selectively suggests compliance with Council's Local Strategic Planning Statement and Local Housing Strategy. The adopted Local Housing Strategy states that development in existing non-urban areas is not required to meet Council's housing targets and is not consistent with good planning principles as established by the Government through its strategic planning framework.
 - C. There has been no proper independent review or assessment of the draft Development Delivery Plan.
 - D. The Department of Planning and Environment is conflicted in its role as both a partner with Metropolitan Local Aboriginal Land Council in the preparation of the Development Delivery Plan and as the determining authority for the Development Delivery Plan/State Environmental Planning Policy amendment. A more rigorous approach should be established that addresses the conflict of roles of the Department of Planning and Environment including via a probity plan.
 - E. The draft Development Delivery Plan applies to only nine sites and does not address all current Metropolitan Local Aboriginal Land Council holdings (approximately 39% of 'Deferred Lands' is currently owned by Metropolitan Local Aboriginal Land Council).
 - F. A more collaborative process should be established going forward that addresses the conflict of roles for the Department of Planning and Environment via a probity plan.
 - G. The statutory consequences of the Development Delivery Plan are significant. Council will potentially lose its planning powers for the sites. Key strategic planning issues should be addressed now.
 - H. The proposals will result in an intensification of development, inappropriate development and incompatible land uses in areas exposed to high risk of bush fire, are likely to increase risks to life and property and present difficulties in evacuation.
 - I. The proposal will result in impacts on core habitat, known habitat for various threatened species of flora and fauna and Threatened Ecological Communities.
 - J. The proposal will result in impacts on watercourses, wetlands, water dependent ecosystems, associated biodiversity and the quality and quantity of overland flow as it enters local and downstream waterways, including the highly valued Narrabeen Lagoon.
 - K. Future investigations should respond to the recommendations in the submission by the Aboriginal Heritage Office.
 - L. Any development outcome will require additional infrastructure not currently planned under the existing Northern Beaches 7.12 Contributions Plan that applies to the land.

- M. No commitments are made to improved building standards and the achievement of a low-carbon development with high-efficiency in energy, water and waste, including opportunities to increase the uptake of renewable energy, reduce carbon emissions, support precinct-scale efficiency initiatives, a circular economy and investigate alternative water supplies.
- N. Detailed urban design studies are required, along with alignment with the draft Design and Place State Environmental Planning Policy 2021 and Urban Design Guide.
- O. Write to our local Federal and State MPs, relevant ministers both Federal and State, to negotiate an alternate solution and financial model so that the MLALC can benefit financially from its land and that the land preserved as is – in perpetuity. Note suggestions from submissions including an ongoing lease fee to have the Land maintained as an Aboriginal National Park, or a State owned National Park. Alternatively, a one off payment from the Government to MLALC to ensure the land is maintained as bushland.
3. Note Council's objection to NSW Planning Minister Anthony Roberts' recent scrapping of the nine principles for sustainable development that were designed to manage risks of climate change by considering risks of floods and fire before building new homes. This is particularly egregious given the recent major flooding, storm and bushfire events impacting the Northern Beaches LGA.

12.3 DEPARTMENT OF PLANNING AND ENVIRONMENT LEP EMPLOYMENT ZONE REFORMS

071/22 **RESOLVED**

Cr Regan / Cr Amon

That Council:

1. Note its opposition to the Department of Planning and Environment's LEP Employment Zone Reforms, particularly the proposal to combine the B1 and B2 business zones and the IN1 and IN2 industrial zones across the Northern Beaches Local Government Area. The consolidation of these zones will allow a range of higher impacts uses across more of the Local Government Area and may cause an adverse impact on neighbouring residential areas.
2. Write to the NSW Department of Planning and Environment, NSW Minister for Planning and Minister for Homes, and the four local State Members: Rob Stokes MP, Jonathon O'Dea MP, James Griffin MP and Brad Hazzard MP, expressing these concerns and urging the NSW Government to reconsider the approach to the Employment Zones Reform.
3. Note the staff report and recommended translations for Employment zones for the Manly, Pittwater and Warringah LEPs in attachments 105.
4. Note the proposed public exhibition by the Department of Planning and Environment of the Employment Zone translations.
5. Note outcomes of that public exhibition will be notified to Council and that Council's LEPs will be amended by the Department of Planning and Environment via a 'self-repealing State Environmental Planning Policy.
