Supply	If you choose not to supply your personal information, it may result in Council being unable to provide the services you seek
Access/Correction	Please contact Customer Service on 1300 434 434 to access or correct your personal information

When is an application for driveway levels required?
Before constructing a driveway an application form must be completed to attain a permit to undertake construction. This application excludes the construction of retaining walls, stairs and other structures, for these please refer to the <i>Application for works to be approved within Council roadway</i> (if associated with a development application) or the <i>Application for a Minor Encroachment on a Road Reserve form</i> (if not associated with a development application).
About this application form
The construction of a driveway must be undertaken by an Authorised Contractor. A list of contractors authorised by Council is available at <a href="http://northernbeaches.nsw.gov.au">northernbeaches.nsw.gov.au</a> If your preferred contractor is not on this list please note that they must become authorised prior to carrying out work. This may delay the processing of your application by approximately 6 weeks. The contractor is required to complete Form #4026 to be assessed for authorisation.

## Part 1: Applicant Details

Title	Mr <input type="radio"/>	Mrs <input type="radio"/>	Ms <input type="radio"/>	Other:
Full Family Names				
Full Given Names				
Contractor Name (if applicable)				
Address (all letters to be sent here)			Postcode

I / we hereby apply for driveway levels at the above address for the purpose of:		
<table border="1" style="width: 100%;"> <tr> <td style="width: 50%;">Having a new driveway crossing slab constructed</td> <td style="width: 50%;">Having an existing driveway crossing slab re-constructed</td> </tr> </table>	Having a new driveway crossing slab constructed	Having an existing driveway crossing slab re-constructed
Having a new driveway crossing slab constructed	Having an existing driveway crossing slab re-constructed	
Street access from		
Width of driveway crossing		
<p>Driveway finish shall be constructed with plain broom finished concrete, or approved equivalent. All cosmetic/decorative treatments, including but not limited to, asphalt, paved, coloured, exposed aggregate, stamped, stencilled and post construction treatments are not authorised. Failure to comply with this requirement may result in demolition of the crossing and reconstruction of the crossing to Council standard, with all costs borne by the applicant. Fees apply for assessment of driveways constructed not in accordance with Council specifications.</p>		

## Part 6: Site Sketch

**Construction must not encroach beyond side boundary without permission of adjoining owner**

- Use the space below to sketch the location of new vehicular footpath crossing(s).
- Provide as much detail as possible and include dimensions to property fences, buildings or other fixed objects.
- Copies of reduced DA plans may be attached to the application in lieu of a sketch.
- Note: indicate significant trees on nature strip. If removal of trees is proposed, applicant will need approval of Tree Preservation Officer.
