Supply:	If you choose not to supply your personal information, it may result in Council being unable to provide the services you seek
Access/Correction:	Please contact Customer Service on 1300 434 434 to access or correct your personal information

When is an application for driveway levels required?
Before constructing a driveway an application form must be completed to attain a permit to undertake construction. This application excludes the construction of retaining walls, stairs and other structures, for these please refer to the <i>Application for works to be approved within Council roadway</i> (if associated with a development application) or the <i>Application for a Minor Encroachment on a Road Reserve form</i> (if not associated with a development application).
About this application form
The construction of a driveway must be undertaken by an Authorised Contractor. A list of contractors authorised by Council is available at northernbeaches.nsw.gov.au If your preferred contractor is not on this list please note that they must become authorised prior to carrying out work. This may delay the processing of your application by approximately 6 weeks. The contractor is required to complete Form #4026 to be assessed for authorisation.

Part 1: Fees

FEE DESCRIPTION (An application fee and inspection fee is charged for all applications) Alternate	FEE AMOUNT (Please Tick)
Select one of the following application fees	
Application Fee for Driveway Profiles – not associated with development consent or , Application Fee for Driveway Profiles – in association with development consents	\$190 or, \$440

Applicant Signature		Owner's Consent Signature	
Name		Name	
Date		Date	

Part 5: Application

- For levels and supervision fee refer to Council's fees and charges.
- Construction of any kind (including excavation) must be carried out by contractors authorised by Council.
- The standard residential driveway crossing width is 3 metres.
- Note that under exceptional circumstances no more than one vehicular access is permitted per dwelling.

I / we hereby apply for driveway levels at the above address for the purpose of:

Having a new driveway crossing slab constructed

Having an existing driveway crossing slab re-constructed

Street access from

Width of driveway crossing

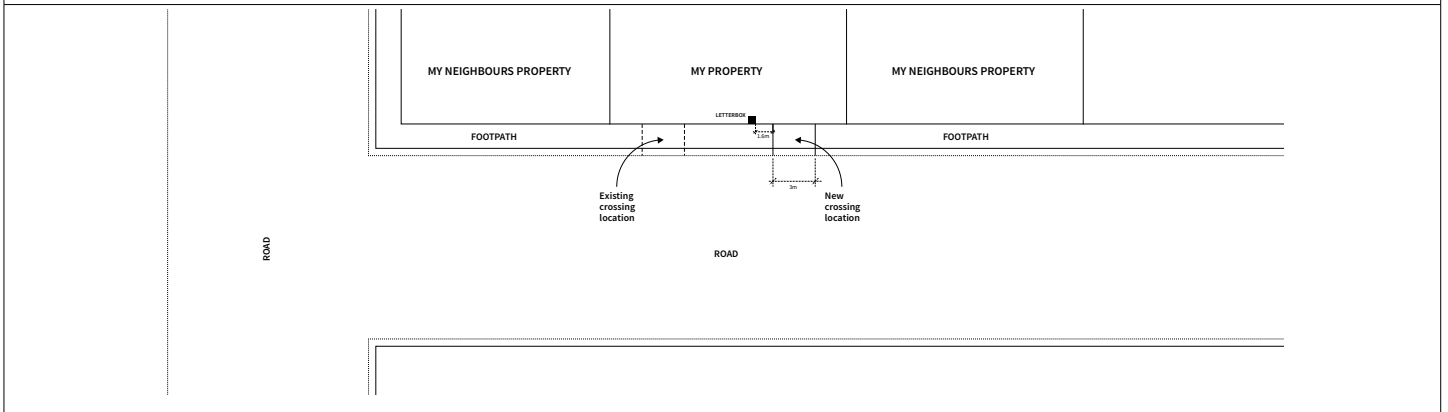

Driveway crossings shall be constructed with plain broom finished concrete, or approved equivalent. All cosmetic/decorative treatments, including but not limited to, asphalt, paved, coloured, exposed aggregate, stamped, stencilled and post construction treatments are prohibited. Failure to comply with this requirement may result in demolition of the crossing and reconstruction of the crossing to Council standard, with all costs borne by the applicant.

Part 6: Site Sketch

CONSTRUCTION MUST NOT ENCROACH BEYOND SIDE BOUNDARY WITHOUT PERMISSION OF ADJOINING OWNER

- Use the space below to sketch the location of new vehicular footpath crossing(s).
- Provide as much detail as possible and include dimensions to property fences, buildings or other fixed objects.
- Copies of reduced DA plans may be attached to the application in lieu of a sketch.
- Note: indicate significant trees on nature strip. If removal of trees is proposed, applicant will need approval of Tree Preservation Officer.

Example

Sketch

Blank area for the applicant to provide their own site sketch.
